OLE VIRGINIA TIMES

June 2015

Next Meeting: Monday, June 15, 2015

PRESIDENT'S LETTER:

Greetings one and all! As I look at the schedule of Ham radio related activities, I realize again that June is one of our busiest months and there are many "behind the scenes" activities that our members support. "Thank You" to all of them!

As this newsletter goes to print, our 41st Hamfest is just a few days away on Sunday, June 14th; again, our Chairman Terry / KC4DV (for the 4th year?) has been doing a superb job of organizing and coordinating a large group of folks to manage all of the many details that go into putting on the annual Hamfest and making it successful. Numerous OVH individuals stand behind Terry, dedicating their time to managing the details critical to the success of the fest - ticketing at the gates, soliciting vendors, greeting tailgators, contracts and rental management, security, preparing advertising, updating of the club web site, bake sales support, manning the club consignment table, 4H Youth Lounge, and a multitude of other details. The "free" Saturday morning (June 13th) OVH breakfast just before the Hamfest setup activities by OVH members at the Fairgrounds will be at 8:00 am at the Chik-Fil-A on Liberia Ave. Check the email reflector for last minute details.

If the inner workings of the Hamfest weren't amazing and impressive enough, there are the concurrent preparations for the upcoming ARRL / OVH Field Day event to be held on June 27 & 28 at the Pavilion at the Nokesville Park! This will be a great opportunity for those who have limited time behind the mike (or key) and would like to experience and learn more; a lot of collective OVH knowledge and experience will be at this 24 hour event. Like the Hamfest, all volunteers are welcomed, especially for the Saturday morning setup and Sunday afternoon takedown. Oh, and if you are one of those who enjoys operating during the night hours, there'll likely be a station waiting for an operator.

Kudos to those who supported another successful mini-tri this past weekend; OVH has earned a good reputation for assisting with this community activity. Special thanks to

For those who missed our May club meeting, you missed a very informative presentation from Alan / WA2GTT about restoration of the Zenith Trans-Oceanic receiver. Not only did he show us a beautiful piece of equipment, but he gave us a good historical overview of how the receiver was developed and used. Thank you Alan for showing us the various “James Bond-like” features of the receiver.

I hope to see you at the Monday, June 15th, next regular OVH meeting, 7:30 pm at the Manassas Public Works, 8500 Public Works Drive, Manassas, Virginia at which there will be a post-event review of the Hamfest. We will also be discussing last-minute details for the upcoming OVH/ARRL Field Day, 27-28 June. Keep the thoughts/ideas coming to me at my email: N7QLK@ARRL.net.

Congratulations to the OVH scholarship winner this year, Joaquin Garcia. It was my privilege to work on the scholarship committee with Jim / W4JTP and Butch / W4HJL. I'm very happy to see the OVH scholarship go to a student with such a bright future. It was wonderful to have his family attend our May meeting. Best wishes to you, Joaquin! More on this award later in this Newsletter.

Very sad to report the passing of John's WA1STU Mother-in-Law. Please keep John and Shirley in your thoughts and prayers.

Get well wishes to Doc / W1IMX as he recovers from surgery.

Congratulations to Lilly / KK4MXY on her graduation from high school on June 10th and her admission to Fordham University in New York City.

SPECIAL OPERATING EVENT - FIELD DAY in June, 2015 - SAVE THE DATES:

The OVH’s Field Day event will be at the pavilion at the Nokesville Park again this year, and will also include food, educational activities and public service activities for all members, family members and the general public, as well as several operating stations. Be sure to save these dates!

2015 OVH HARRY D. VORHAUER SCHOLARSHIP AWARD

The 2015 winner of the OVH’s Harry D. Vorhauer Scholarship was Joaquin Garcia, a senior at Forest Park High School; he was awarded a scholarship check for \$1,000 at the OVH meeting on May 18, 2015. With a 3.626 GPA and planning to attend George Mason University in Computer Engineering, Joaquin is a young man in a hurry. He has been a part of Forest Park’s varsity teams in cross country, indoor and outdoor track for four years, serving as the cross

country team captain for the past two years. In addition, he made All-Conference, All-Region, VHSL, All-Academic Honors, and All-State honors for four years. While currently pursuing state titles in multiple events, Joaquin hopes to continue competing both in cross country and track in college and perhaps qualify for the Olympics eventually. That might sound like a lot to keep a young man busy, but there’s more. Joaquin and his family are regular volunteers at the

L to R: Wayne/N7QLK, the parents and brother of Joaquin, Joaquin Garcia, Jim/W4JTP

Action in Community Through Service of Prince William Food Pantry, where they help bag and distribute food. Since sixth grade, Joaquin has also volunteered at the St. Francis House, doing things like transporting food donations, bagging food, and handing out food and clothing donations to the community. And for the past few summers, he has joined his brother and grandmother as volunteers at the Salvation Army. At Forest Park High School, Joaquin has also been involved with the Students Working in the Advancement of Technology program (SWAT), which refurbishes old computers to distribute them to families in need. He has also been enrolled in IT classes that teach different aspects of computers, along with how to prepare orders with the proper equipment and computers parts. Judith Flores, Joaquin’s counselor at Forest Park, had this to say about him: “The lessons he has learned in High School throughout his life have turned him into the wonderful, mature, and conscientious young man that he is today.”

Getting Ready for Upcoming ARRL / OVH Field Day - June 27th and 28th

See the Flyer later in this Newsletter, and also check the OVH's email reflector for more updates. For newcomers not familiar with Field Day, this is one of the most fun OVH club events each year. Tens of thousands of hams (and ham radio clubs) throughout the U.S. and Canada participate each year, and, among other things, attempt to make as many contacts as possible with others in a 24 hour period to demonstrate emergency communications capabilities. Last year's OVH Field Day event was at the Nokesville Park where it will be held again this year. Look at several past year's Newsletters especially for the months of July available at w4ovh.net ("About the Club" tab). Also, check out the ARRL's web site which has a lot of material on Field Day: <http://arrl.org/field-day> including a comprehensive package of information. Save the dates and plan to attend and participate even is just to stop by or a few hours! Lots of fun guaranteed!
