OLE VIRGINIA TIMES

MAY 2006

Next meeting: May 15, 2006

Need your input for the Newsletter. The deadline for submissions is the 5th of each month!!!

(Editor)

PRESIDENT'S LETTER

Suddenly, it is spring and **Hamfest** is less than a month away.

We start the month very proud of our new hams. At the **VE exam**, we got seven new hams. Thanks so much to **John/WA1STU**, and **AI/KB4BHB**, for running the technician class and the VE who helped. Two members of the Class have already joined the club. **Morgan Jones**, who joined before getting his license, is now **KI4OWG**. **Joe/KI4OHR** has already been quite active.

BPL goes on. As you know, they are replacing the BPL equipment with second Generation equipment. Even so, we are not going to give them a pass if there is harmful interference. **George/K4GVT**, **Butch/W4HJL**, and an **ARRL rep** met with **Congressman Wolf's office** to present our side on the BPL issue. As you may know, there is an amendment requiring the FCC to study BPL. This was also discussed.

David/KI4AXZ has been a **net control** on the **OVH Thursday night net** for some time. I regret to announce that he is no longer able to continue. THANKS for your help David.

Brian/WC4J is going to operate his trailer at the opening of the new **Boy Scout Camp in Haymarket**. This is good exposure for us and for the hobby.

If you do not already have a job at hamfest, please volunteer for one. This is our only Fundraiser of the year.

At the next meeting, we will present our annual scholarship to a college bound student.

The OVH Times is the official publication of the "Ole Virginia Hams" ARC, a non-profit organization dedicated to the promotion and enhancement of Amateur Radio. The OVH ARC meets at 8:00 PM every third Monday of the month at the NOVEC Tech Center in Gainesville. Prospective members are invited.

Local information can always be obtained, at any time, through the usage of the OVH repeaters (146.97- & 224.660- Mhz). All are welcome.

Permission is hereby granted for the reprinting of articles and quotations in this letter, provided full credit is given to the OVH ARC, and the author of the article. Contribution of printed articles by both members and non-members is encouraged. The deadline for submissions is the 5th of each month. Submissions should be forwarded to OVH TIMES EDITOR: Steve Meade KB4OF, PO Box 1418, Manassas, VA 20108-1418, or to kb4of@arrl.net

Letters to the Editor and Classified Ads are accepted and welcome. Approx. Circulation – 170

Minutes of the Ole' Virginia Hams Amateur Radio Club Meeting – April 17, 2006

John/KG4NXT called meeting to order at 2000 Eastern Time.

Following the **Pledge of Allegiance**, all present stated their names and call signs. There were **19 OVH members** and one guest present.

PROGRAM

Henry Weidman/K2BFY, of the **Loudon County Amateur Radio Society**, brought in and showed several of the electronic kits that he has constructed. Henry was first licensed as a ham in 1956 and spoke about the electronic projects that he constructed in the 1950s and 1960s that utilized vacuum tubes. Henry's more recent projects use more modern and compact technology, and many are constructed in Altoids tins. Thank you Henry for sharing your projects and experience with the Ole' Virginia Hams.

BUSINESS MEETING

MEMBERSHIP – John/KG4NXT – **Joseph (Joe) Dobes**, who is one of the students in the OVH-sponsored Technician class and was read in at the March 2006 OVH meeting, was voted in for membership by a unanimous vote. Welcome to the Ole' Virginia Hams, Joe.

Bill/N3OH read the **Treasurer's report**.

ARES – **David/KI4AZX** – David noted the upcoming ARES events, including the NCAC Institute, which takes place next Saturday, April 22. There is a complete listing of upcoming ARES events on the Prince William County ARES website.

SUNSHINE – **Art/W1CRO** – **Paul Kline**, the **father of Wayne Kline/AG4ZZ**, passed away on April 13. Paul was the proprietor of **Kline's Drive In** and **Kline's Freeze**, which are popular eating establishments in Manassas. **AI/KB4BHB** told a story about Paul allowing AI's wife to take clippings of flowers which were planted on the grounds of the Dairy Freeze. The OVH sends condolences to Wayne and his family.

REPEATERS – **Art/W1CRO** – The previous problems with the repeaters have been repaired and the repeaters are working well. All OVH members should have new ID cards, which have the new repeater codes, which will be updated by the end of April. Art wants to get tone codes for all of the repeaters to help avoid interference from other repeaters. Art asked that all of us report any and all interference, including the date, time and nature of that interference, so that Art can document and keep track of the interference.

BREAK

The **minutes of the March 2006 OVH** meeting were approved.

HAMFEST – **Art/W1CRO** – Everything is on track and ahead of schedule at this point. Art will have an envelope-stuffing party at his house this week, and asked any who can to show up. **George/K4GVT** read a list of the vendors that will be attending. The vendors include **Austin Amateur Radio Supply**.

HARRY D. VORHAUER SCHOLARSHIP – **Jim/W4JTP** – We have not yet received any applications, but expect to receive applications soon.

BPL – **George/K4GVT** – **George** and **Butch/W4HJL** will meet with **U.S. Representatives Davis and Wolfe** to discuss the BPL issue.

NEW BUSINESS

Bill/N3OH noted that the OVH will host a special event on August 26, 2006 to commemorate the **2nd Battle of Manassas / Bull Run**. This special event will take place on the **Manassas National Battlefield**.

Brian/WC4J asked that we participate in the upcoming **VHF/UHF contest**, which takes place beginning on June 10, 2006.

50/50 – We collected \$37, and **Steve/N4OGR** won. Steve collected \$19 and the Club collected \$18.

The meeting adjourned at 2114 Eastern Time.

SUNSHINE CORNER

Our condolences to **Wayne/AG4ZZ**, whose father **Paul E. Kline**, the owner of Kline's Freeze and Kline's Drive-In, died in April, and to **Joe/AB4QV**, whose mother died recently. We wish you and your families the best.

Welcome to **Dan/KG4CFQ** and **Morgan/KI4OWG** who recently joined. It's great to have you!

Happy birthday to our friends and fellow Hams: **Blaine/KB4RKL**, **Craig/N4WUV**, **John/KG4NXT**, **Bill/K9ZD**, **David/KG4GIY**, **Bob/N4RL**, **Jack/N4YIC**, **Jim/W4JTP**, **Susan/K3SSP**, and **Craig/WA3UFY**. Hope each of you has a great day!

Thanks and 73 de Jan /KE4TMW

Passport, Expanded League Presence Back This Year at Dayton Hamvention®

(May 8, 2006) -- Many of the features that proved popular during ARRL EXPO 2005, a national convention year, will return during ARRL EXPO 2006 at Dayton Hamvention, May 19-21. Among activities back this year are mini-forums on the ARRL stage, the ARRL Internet Café (and free WiFi) and the ARRL Passport--the ultimate Amateur Radio scavenger hunt.

House Committee Okays Telecoms Bill with BPL-Interference Study Amendment

(Apr 27, 2006 [REVISED May 5, 2006 11:13 ET]) -- The US House Energy and Commerce Committee's version of the Communications Opportunity, Promotion and Enhancement (COPE) Act of 2006 includes an amendment requiring the FCC to study the interference potential of BPL systems. After spending two days marking up (the Ross amendment is No 25) the measure, the panel voted April 26 to send the much-talked-about "telecoms rewrite" bill to the full House for its consideration. "Outstanding news!" was the reaction of ARRL CEO David Sumner, K1ZZ.

ARRL's "Hello" Campaign a Hit at NAB, RTNDA Conventions

(May 10, 2006) -- When the National Association of Broadcasters (NAB) and the Radio-Television News Directors Association (RTNDA) met in Las Vegas for their annual conventions in late April, the ARRL was well represented. ARRL President Joel Harrison, W5ZN, headed the League contingent. Media and Public Relations Manager Allen Pitts, W1AGP, Pacific Division Director Bob Vallio, W6RGG, and Vice Director Andy Oppel, N6AJO, rounded out the delegation. The presence of thousands of broadcasters offered Pitts an ideal opportunity to promote the ARRL "Hello . . . -- Celebrating 100 Years of Voice over Radio Worldwide" public service announcements. Pitts gauged success on the basis of what he *didn't* end up taking home on the return trip.

Inuit Students Join the Space Program via Ham Radio

(May 10, 2006) -- Thanks to Amateur Radio and an international teleconferencing link, Inuit students attending Jaanimmarik Scho ol in Kuujuaq, Quebec, Canada, joined the space program May 4. The Amateur Radio on the International Space Station (ARISS) program arranged the contact between NA1SS and ARISS veteran Tony Hutchison, VK5ZAI, in Kingston, Australia. Verizon Conferencing donated a two-way audio link between the northern Quebec school and VK5ZAI in Australia. Speaking from NA1SS, US astronaut Jeff Williams, KD5TVQ, told the students that it's very exciting to be in space.

AMSAT and ARISS Staff Museum Space Day 2006 Exhibit

(May 9, 2006) -- Representatives of [AMSAT-NA](#) and the Amateur Radio on the International Space Station ([ARISS](#)) program staffed a Space Day 2006 exhibit May 5 at the Smithsonian National Air and Space Museum's [Udvar-Hazy Center](#). The ARISS team exhibited various pieces of ISS hardware and AMSAT representatives explained the process of building small satellites. On display were the California Polytechnic Institute CubeSat model and several picosats. Popular with youngsters--including these Boy Scouts--who stopped by was the opportunity to listen to recorded ARISS school contacts. The museum kept extended hours for the occasion.

Among those staffing the exhibit were ([L-R in photo](#)) ARISS International Chairman Frank Bauer, KA3HDO, Past AMSAT-NA President Perry Klein, W3PK, and Bill Boston, N3DCI. "We gave out several hundred ARRL and other brochures. "There was so much interest, I lost my voice by the end of the day and still haven't gotten it back fully!" Klein quipped this week. Others assisting included APRS guru and satellite experimenter Bob Bruninga, WB4APR, Ken Nichols, KD3VK (who took the photo), Bob McCown, N3IYI, and AMSAT-NA Director of Education and Board member H. Paul Shuch, N6TX. Space Day was sponsored by Lockheed Martin.

K6KPH to Transmit West Coast Qualifying Run June 17, Field Day Message

(May 9, 2006) -- The [Maritime Radio Historical Society's](#) K6KPH will transmit the "W1AW" West Coast Qualifying Run session Saturday, June 17, 2100 UTC (1400 PDT). K6KPH will use the normal W1AW CW frequencies of 3.5815, 7.0475, 14.0475 and 21.0675 MHz. This information was inadvertently omitted from the W1AW schedule appearing in June's *QST*. The following weekend, K6KPH will complement [W1AW's Field Day 2006](#) message on CW and digital modes for the benefit of West Coast stations. K6KPH frequencies for the Field Day transmissions: CW, 3.5815, 7.0475, 14.0475 and 21.0675 MHz; Teleprinter (RTTY and FEC AMTOR), 7.095 and 14.095 MHz. The

K6KPH schedules are subject to change. The W1AW and K6KPH [Field Day schedules](#) are on the ARRL Web site.

Mississippi ARRL Member Wins SBA Award for Katrina Efforts

(May 9, 2006) -- A Mississippi radio amateur and broadcaster who braved the fury of Hurricane Katrina to keep his ham radio club's low-power FM (LPFM) broadcast station WQRZ-LP on the air was one of three recipients to receive the Small Business Administration (SBA) Phoenix Award. The SBA honored ARRL Member Brice Phillips, KB5MPW, of Bay Saint Louis, for "Outstanding Contributions to Disaster Recovery by a Volunteer." Since 1998, the Phoenix Award has been presented to "those who display courage, resourcefulness and tenacity in the aftermath of a disaster, while contributing to the rebuilding of their communities."

ARRL Updates Amateur Radio Emergency Communications Level 3 Course

(May 9, 2006) -- The ARRL Certification and Continuing Education (CCE) Program has revised and updated its Amateur Radio Emergency Communications (AREC) Level 3 course. The new top-level EmComm course, designated EC-003R2, will replace EC-003 in the program's list of online offerings. ARRL Online Course Development Coordinator Howard Robins, W1HSR, says the updated curriculum incorporates some major changes.

German Experimental Stations on 440 kHz

(May 9, 2006) -- Geri Holger, [DK8KW](#)/W1KW, in Peine near Hannover, reports that German telecommunication authorities have issued him an experimental license to operate on the "medium wave" frequency of 440 kHz using the call sign DI2BO. He joins Walter Staubach, DJ2LF, in Dormitz near Nuernberg, who's been operating experimental station DI2AG on 440 kHz. Tests have been under way on that frequency since January 2005, Holger says, "to study the special propagation conditions on medium wave." Holger says CW beacon transmissions (which include call sign and grid square) will be sent on 440 kHz (± 100 Hz), maximum 200 Hz bandwidth at a maximum power of 9 W ERP. "Both beacon transmissions will be coordinated in a way so that they can be observed simultaneously to study the propagation from both locations at the same time," Holger explained. "Also, two-way contacts between both experimental stations are planned." DI2BO is using a marine radio transmitter running about 130 W output into a top-loaded 18-meter umbrella antenna. He calculates the ERP is around 5 W. Further information is on the [DK8KW Longwave Information](#) Web site.

New BPL Complaint Arrives as ARRL Nudges FCC to Answer Earlier Filings

(May 5, 2006) -- Another Manassas, Virginia, radio amateur has joined the growing list of those filing formal complaints about disruptive interference from the city's broadband over power line (BPL) system. The May 4 letter from ARRL member Arthur R. Whittum, W1CRO, went to the FCC's Spectrum Enforcement Division just one day before the ARRL again prevailed upon the same office to act on several earlier--and similar--complaints of BPL interference. Whittum reported that BPL interference to his mobile station on April 25 and May 3 made 40-meter SSB operation impossible "during a transit of streets in Manassas" covering about two miles.
